

MADE IN GERMANY

OXYGEN ANALYZER

PRO2 stick

The PRO2 Stick offers precise oxygen measurement from 1000 to 1 ppm, with exceptional resistance to H₂, humidity, and ozone. Its under 5-second start-up time ensures quick and reliable performance, ideal for demanding environments.

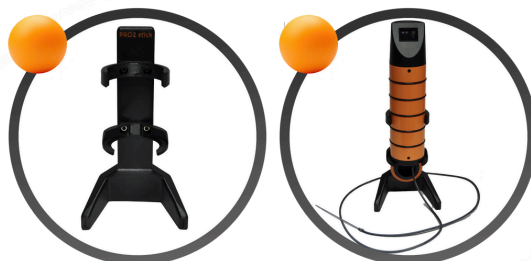

FEATURE

- **Fast & Efficient:** Ready to measure in under 5 seconds.
- **Long Battery Life:** Up to 11 hours of continuous operation.
- **Smart Features:** Built-in signal horn, auto shut-off after 10 min (<1000 ppm).
- **Seamless Connectivity:** Bluetooth (100m range - 328 ft) for data transfer to welding machines, Android (10m - 32 ft).
- **Durable & User-Friendly:** Robust aluminum casing, 1" OLED color display with 180° auto-rotation.
- **Dual LED System:** Flashlight + charge status indicator.

TECHNICAL DATA

- Range: 1000 - 1 ppm
- Weight: 0,5 kg (1.1 lbs)
- Length: 280 mm (11.0")
- Diameter: 56 mm (2.2")
- Transport case including PRO2 stick:
 - Dimensions (W x H x D): 390 x 100 x 315 mm (15.4" x 3.9" x 12.4")
 - Total weight: 1,9 kg (4.2 lbs)
- Optional stand

Optional Stand
