

# TC-600 Tack Clamp Pipe Clamping Tool

THE FUTURE OF ORBITAL WELDING

The TackClamp is a clamping tool with an innovative clamping link system for easy and quick fit-up of pipes.

## DESCRIPTION:

- No need for several sizes. The TC-600 covers pipes from Ø 60 - 600 mm (larger diameters with additional links).
- Light weight, easy to carry and simple to fit to the pipe.
- Only stainless steel parts get in contact with the pipe.
- For pipe to pipe, pipe to fitting, pipe to tee and more...
- The TC-600 comes in our special solid case with 30 clamping links that can be chained together to suitable length.
- Additional clamping links for larger diameters (31-TC610) available.
- Additional links for adjusting ovalities / different pipe diameters (31-TC611) available.

## TECHNICAL DATA:

- Weight incl. case (kg): 5
- Dimensions incl. case (mm): 390 x 315 x 100
- Number of needed links: external diameter x  $\pi$  / 65
- Included links: 30 pcs (TC-610)
- Customs tariff number: 85159000
